12:03:01 16:03:01	John W Lewis @JohnWLewis		@jorgebarba defines "follow through" as "the continuing of an action or task to its conclusion". #innochat
12:03:17 16:03:17	John W Lewis @JohnWLewis		@JKatzaman @jorgebarba Hello Jim. Great to see you for #innochat

12:08:18 16:08:18	John W Lewis @JohnWLewis	 Our first Q is general, then we'd address the innovation aspects. #innochat https://t.co/nFOofDMLFf
12:08:29 16:08:29	Sunil Malhotra @SunilMalhotra	 A1 Sorry to split hair but are we talking about following through or following up in #innovation? #innochat
12:08:41 16:08:41	John W Lewis @JohnWLewis	 @JeremyDBond Hello Jeremy. Great to see you for #innochat
12:08:49 16:08:49	Carol Stephen @Carol_Stephen	 @JohnWLewis It's north of here, but all the smoke is coming down here. Many friends have been affected. #innochat
12:09:05 16:09:05	Sunil Malhotra @SunilMalhotra	 @Carol_Stephen Very well Carol. How's you? #innochat

12:09:21 16:09:21	John W Lewis @JohnWLewis	 This is a good question, Sunil, and no need to apologise. #innochat https://t.co/eF9LARKJdq
12:09:30 16:09:30	Carol Stephen @Carol_Stephen	 RT @JohnWLewis: Q1 How important is "follow through" to you in relationships, in general? #innochat
12:09:30 16:09:30	Saul Kaplan @skap5	 Let's face it, innovation junkies like to move on to the new shiny thing. Sticking with stuff isn't our superpower! #innochat

12:09:32 16:09:32	Rinku Agarwal Basu @rinkutalk		A1 very important- builds trust and which is the foundation for any relationship. brings alignmnt #innochat
12:09:54 16:09:54	Jorge Barba @jorgebarba		A1 Another way to look at is "actions speak louder than words" - #innochat
12:09:59 16:09:59	John W Lewis @JohnWLewis		@skap5 Hello Saul! #innochat
12:10:01 16:10:01	John W Lewis @JohnWLewis		Q2 What importance do you attach to "follow through" in pursuing opportunities for innovation? #innochat
12:10:04 16:10:04	Carol Stephen @Carol_Stephen		A1. Follow through is very important to any kind of business. #innochat
12:10:27 16:10:27	Jessie Torres @molavefinds		RT @Carol_Stephen: Joining #innochat from the smoky Santa Cruz Mountains in California.
12:11:08 16:11:08	John W Lewis @JohnWLewis		I think we're talking about both: completing the exploration of each opportunity. #innochat https://t.co/eF9LARKJdq
12:11:16 16:11:16	Jorge Barba @jorgebarba		A2 If you can't follow through, then innovation is not your thing - #innochat
12:11:18 16:11:18	Carol Stephen @Carol_Stephen		@skap5 That's interesting. If innovators like to begin things, we need to hire people who have follow through as their superpower! #innochat
12:12:25 16:12:25	Jeremy Bond @JeremyDBond		A2) Ideas are great, but innovation comes from the doing. #innochat https://t.co/qRGBPi3AQg
12:12:27 16:12:27	Sunil Malhotra @SunilMalhotra		A2. Follow through is important no doubt, but also keeping an eye on when to stop. Innovation is about agility and nimbleness, imo #innochat
12:12:32 16:12:32	Carol Stephen @Carol_Stephen		A2. Never tied innovation opportunities to follow through before. But I do tie follow through to success in business. #innochat
12:12:33 16:12:33	Jorge Barba @jorgebarba		A2 I've seen that idea people are the ones who have trouble following through, they're not innovators to me - #innochat
12:12:49 16:12:49	John W Lewis @JohnWLewis		@Carol_Stephen @skap5 We probably need both capabilities, Carol. #innochat
12:13:04 16:13:04	Jessie Torres @molavefinds		@Carol_Stephen Hope it's not raining ash fall down south in yr area. #innochat
12:13:06 16:13:06	Jim Katzaman @JKatzaman		A1 Without follow through you're a one-hit wonder, and maybe not even that. Follow through is key to engagement and conversation. #innochat
12:13:36 16:13:36	Sunil Malhotra @SunilMalhotra		@jorgebarba Truth. Ideas must be followed through. No value = No Innovation. #innochat A2
12:13:49 16:13:49	Mike Baldwin @mikey3982		@Carol_Stephen @skap5 there could be failures? (Not you Saul) where you learn and move on, so follow through not relevant #innochat
12:13:58 16:13:58	John W Lewis @JohnWLewis		A3 My concern is that if we only take snapshots of innovation opportunities, then our timing will be very poor. #innochat
12:14:43 16:14:43	John W Lewis @JohnWLewis		@mikey3982 @Carol_Stephen @skap5 Agreed, Mike. It depends on what "completion" means. #innochat
12:14:49 16:14:49	Rinku Agarwal Basu @rinkutalk		A2 Lack of follow though is by far the biggest obstacle in innovation. Takes a lot of it #innochat
12:15:00 16:15:00	John W Lewis @JohnWLewis		Q3 How does "follow through" apply to innovation? #innochat
12:15:05 16:15:05	Andrea Villeneuve @DreaVilleneuve		Hey #innochat - sorry to be late - trying to innovate another 100 - 700 words for the piece I'm working on. 💎💎
12:15:21 16:15:21	Jim Katzaman @JKatzaman		A2 Follow through is where you ask follow-up questions to gain insight on the needs for innovation. Who? What? How? When? Why? #innochat

12:15:34 16:15:34	Jorge Barba @jorgebarba		A2 Staying on top of stuff to not get left behind and always be reacting is part of following through #innochat
12:15:40 16:15:40	John W Lewis @JohnWLewis		@DreaVilleneuve Hello Andrea! Great to see that you are following through with that! ;-) #innochat
12:16:25 16:16:25	John W Lewis @JohnWLewis		A3 As mentioned, I think follow through for innovation involves investigating sufficiently, over time, to decide about adoption. #innochat
12:16:37 16:16:37	Carol Stephen @Carol_Stephen		A3. We have to be honest about our innovation superpowers and hire those with follow through if we don't follow through ourselves. #innochat
12:17:14 16:17:14	Sunil Malhotra @SunilMalhotra		A3 #DesignThinking provides a framework and structure for #innovation, including tracking progress. And also highlights radical. #innochat
12:17:17 16:17:17	Jorge Barba @jorgebarba		A3 My experience, especially in large orgs, is projects get left behind / hold because of lack of follow through #innochat
12:17:36 16:17:36	Andrea Villeneuve @DreaVilleneuve		A1: Follow through is important in all relationships. #innochat https://t.co/8mQpYmlHqp
12:17:45 16:17:45	John W Lewis @JohnWLewis		@Carol_Stephen That's true, too. The people who identify opportunities are not necessarily the best people to follow them through. #innochat
12:18:36 16:18:36	Jim Katzaman @JKatzaman		A3 Without follow through you're trying innovation in a vacuum -- no basis in fact. #innochat
12:18:40 16:18:40	Rinku Agarwal Basu @rinkutalk		@jorgebarba Same here. have witnessed many many of them failing for a single reason as mentioned #innochat
12:18:44 16:18:44	Carol Stephen @Carol_Stephen		@JohnWLewis Some people are like rabbits and some are like turtles. You need both for success. #innochat
12:18:54 16:18:54	Jorge Barba @jorgebarba		@Carol_Stephen A3 Indeed. Innovation is a team game. I've seen teams who are full of idea people; lack follow through - #innochat
12:18:57 16:18:57	Carol Stephen @Carol_Stephen		+1 @JKatzaman: A3 Without follow through you're trying innovation in a vacuum -- no basis in fact. #innochat
12:19:10 16:19:10	Mike Baldwin @mikey3982		@Carol_Stephen also thinking is there a "follow through" culture where people do not innovate if they cannot follow through #innochat
12:19:18 16:19:18	Jorge Barba @jorgebarba		RT @JKatzaman: A3 Without follow through you're trying innovation in a vacuum -- no basis in fact. #innochat
12:19:20 16:19:20	John W Lewis @JohnWLewis		A3 imho many orgs are too sporadic and disjointed in their innovation activities, the opposite of "follow through". #innochat
12:20:00 16:20:00	John W Lewis @JohnWLewis		Q4 Which aspects of innovation are particularly dependent on following through? #innochat
12:20:07 16:20:07	Carol Stephen @Carol_Stephen		@jorgebarba Yes! A company full of idea people will fail without the follow-through people. #innochat

12:20:22 16:20:22	Sunil Malhotra @SunilMalhotra		A3. Someone please tell us that #innovation is a contact sport and a team sport. #innochat
12:20:25 16:20:25	Jeremy Bond @JeremyDBond		@JKatzaman Good point. It's not just getting to the doing in the first place but making sure what you're doing makes sense. #innochat
12:20:52 16:20:52	Andrea Villeneuve @DreaVilleneuve		@Carol_Stephen We think similarly. #innochat
12:21:24 16:21:24	Sunil Malhotra @SunilMalhotra		#innochat --> Unless the org buys in to #innovation, it will be attacked. cc: @jorgebarba

12:21:28 16:21:28	Carol Stephen @Carol_Stephen		@mikey3982 Yes, I like the idea of a "follow through" culture. #innochat
12:21:37 16:21:37	John W Lewis @JohnWLewis		Well put, Sunil! Reluctance to collaborate or to make contact is not helpful! #innochat https://t.co/QHIWq6GFzN
12:22:17 16:22:17	Andrea Villeneuve @DreaVilleneuve		@jorgebarba Respectfully disagree. A good idea person will know they need a team they can direct to innovate. #innochat

12:24:02 16:24:02	Jorge Barba @jorgebarba		@DreaVilleneuve Agree. The problem is when they don't know and just surround themselves with people who are also idea people. - #innochat

12:24:12 16:24:12	Jeremy Bond @JeremyDBond		@DreaVilleneuve @jorgebarba Both good points. They still probably have to follow through with the team to be innovators. #innochat
